

Handwriting Programs

DTA is offering two fun and innovative ways to improve your child's handwriting! These programs are for children having difficulty with picking up or combining objects when playing, holding a pencil correctly, drawing or coloring in the lines. Both programs emphasize hand skill development, pre-writing and writing skills.

Handwriting Clinic

- Clinic is 1 hour
- Evaluation and instruction by an Occupational Therapist with expertise in handwriting.
- Parent and child are involved during sessions.
- Participants will receive basic strategies, tools and handouts.
- Cost: \$100.00 (Payment is required with registration). Not insurance reimbursable

Handwriting Intensive

- Intensives include five 30 minute sessions. The sessions are scheduled according to the need of the child & family.
- Concentrated treatment maximizes potential change over a short period of time.
- Intervention by an Occupational Therapist with expertise in handwriting.
- Recommendations and strategies will be provided as well as home programming at each session.
- Cost: \$250.00 for 5 sessions. Not insurance reimbursable

To schedule an appointment for either Handwriting Program, please call one of our convenient locations:.
